

Dear children and parents,

We are delighted that you have chosen to become part of Trumps Green Infant. We cannot wait to meet you and learn about the things you like to do and to show you your classroom.

Sadly at this time we do not know when that will be. However, we wanted you to know we are thinking of you and are working hard to ensure that your family still gets the appropriate induction to our school. As soon as we know what that will look like we will let you know but this will be dependent on Government guidelines to ensure all of our school community is safe.

Starting school is an exciting but big step for children and families and one that we aim to work together with you on.

We cannot change the current situation but we can be here to support your family and your child through this time, even if to start with it is from a distance.

Wishing you good health and happiness

With love from

The Reception Team xxxxx
