

Trumps Green Infant School

Dear Parents and Carers,

We have almost made it to half term.

We hope that you all have a restful half term and some time to recover and recoup from the challenges of remote home learning for the majority of families who are at home. We have been so impressed with all that you are managing to achieve and assist your children with.

We hope that you have been reassured by your parent teacher meetings this week that all your children are doing well whether at home or at school.

GOVERNMENT ANNOUNCEMENT

We await the Government announcement on Monday 22nd February as to the future plans and guidance re school reopening to all children. As you know we hear the announcement at the same time as you - we have no inside information. I would ask you to be patient when the announcement is made and not phone school with your questions immediately. I assure you, we will be sending out a parentmail as soon as we have made plans and this will be done very quickly.

PARENT QUESTIONNAIRES

I am sending a parent questionnaire out attached to this email. This is the standard OFSTED questionnaire. We are always interested in your feedback and listen carefully to any constructive comments, ideas and suggestions and act upon them where appropriate. Please may you complete the questionnaire and send back to the office email (office@trumps-green.surrey.sch.uk) by Monday 22nd February. These questionnaires are confidential. Sometimes parents do like to specify which year group they are coming from if their suggestions or concerns are regarding a particular year group which is also fine.

MENTAL AND PHYSICAL WELL-BEING

During our parent meetings this week some families are sharing their concerns about their children's anxiety levels. This is in addition to those who have shared concerns through telephone calls during the past few weeks. We are very mindful that on return to school, children's welfare and mental health is our priority. We are aware that the children's physical health may have suffered also. In our planning, we will make any adjustments to our curriculum to ensure we focus on catch up in key areas of learning as well as physical and mental well-being.

Your compliments for the teachers, support staff and office staff have been gratefully received and make a huge difference. All the staff have been amazing during this half term, working incredibly long hours and working in entirely different ways. We really do have an amazing team here at Trumps Green.

Thank you to you all for your continued support and patience in these challenging times.

Take care and keep safe and sound during the half term.

Best wishes

Sarah Morris
