<u>E-Safety</u>

Computers, tablets and technology in general are becoming increasingly used by our children at home and school and it is key that we ensure that our children are using technology safely. Every year within our computing curriculum the children complete an online safety unit which is specifically tailored to their year group and focuses on the importance of using technology safely.

<u>Searching safely online</u>

Listed below are some suggested search engines targeted specifically at children ensuring a safe searching environment.

KIDS SEARCH – www.kids-search.com
SAFE SEARCH – www.safesearchkids.com

<u>Further E-Safety Information</u>

Below you will find some links to websites which offer support and advice should you need help with setting up parental controls or are concerned about a new app or game. Please be aware that parental controls and privacy settings change frequently so please check providers' websites for more information.
