

# Our Kindness List

We always use kind words.

We will use gentle, helpful hands and share nicely.

We will always include everyone and ask them to join us if they are on their own.

We will always respect and look after school property.

We will listen and respect our teachers and friends.

We will only use kind words when we send messages.

We will support and help our friends in their learning.

We will help our friends if they have been hurt.

We will tell the teachers if our friends need help.

We support everyone's differences and beliefs.

We will always be polite and use our manners.
