

# Trumps Green Infant School

Dear Parents and Carers,

Well, we have made it - it has been the most delightful year with you all and your wonderful children.

Thank you for all your support for our lovely school. It has been so special over the last couple of weeks with lots of opportunities for school and families to actually be together with the year group assemblies, the sharing of children's learning and of course, the most magnificent fair led and organised by the FOTG and many volunteers. It has been most precious, a real treat - we all hope you feel that too.

We have had so much help with so many things - the tidying up of our grounds, removal of rubbish, help with party food for Year 2 to mention just a few. We do our best with all the additional jobs with all our own families being involved but having you all to help us too is so appreciated - you all make so much difference.

We say goodbye to our Year 2's but know you will keep in touch. We have had a lovely end of year assembly bursting with thanks to the children and all staff and saying au revoir to Mrs Bussey, Mrs Naylor and Mrs Downs.

Thank you for all the lovely "thank you's" we receive. From a smile, hug, kind word, cards and gifts this is so generous of you all. We do absolutely do this for the love and passion for children's well-being and learning. I frequently say and am heard saying I/we have the best team of staff - we really really do and I know how much you value all the teaching staff and office. They are incredible.

We all wish you a most relaxing and fun Summer with family and friends. Please all take care and come back to us and your new schools safely.

With the warmest wishes from all of us.

Take care

Sarah Morris and all the Trumps Green Team
